

# AgroBioHeat

Promoting agrobiomass heating solutions in European rural areas

Adopt modern solutions for **agrobiomass heating** and reap the **benefits**:

- ✓ **Reduce your heating costs!**
- ✓ **Support rural growth and circular economy!**
- ✓ **Reduce your carbon footprint and help fight climate change!**

straw

prunings

miscanthus

SRCs

nut shells

olive stones

**Agrobiomass**, a **perfect heating fuel** for:

- ✓ farms and rural households,
- ✓ schools and municipal buildings and other community energy projects,
- ✓ agro-industries, greenhouses and others!

Find out how AgroBioHeat can support you.
